The Glorious Planet *Venus*, is our bright Morning Star, or ☽, until the 12 day of April this year; and from that time (after her Conjunction of the Sun) she becomes Occidental, and our ☿, or bright evening Star, and so continues unto the end of the year.

On the 8 of *July* this year, there happens a famous Conjunction of *Saturn* and *Mars*, and they may about Midnight be seen to rise together so nearly, that *Mars* will go near to Eclipse *Saturn*, according to *Gadburies* Ephemerides.

An

TRIGGE, 1674.

An Astrologo-Physicial Discourse.

That the pro-dominion of humours, is the immediate cause of diseases; and that the excitation of these humors, is caused by the various and different Aspects and Positions of the Stars, is even by Hippocrates and Galen themselves confirmed. Trust we then to these Rules Astrological, to be observed for the advantage for the sick;

Let the	{ Sanguine Cholerick Phlegmatick Melancholy	{ bleed the being in	{ ♃, or ♄. ♅, or ♆. ♁, or ♂: ♂, ♀, or ♃.
---------	--	-------------------------	---

But let her be also in the Aspect of the Fortunate Planets, and seated in a fortunate part of Heavens.

It is good to purge with Eleaguaries, when the ☾ is in ♅; with Pills, when she is in ♃; with Poisons, when in ♄, because then posited as before directed.

Vomits are unsafe for all sorts of complexions and constitutions; yet sometimes there is a necessity for them; as when the Distemper lyeth above the stomach; it being impossible for a Purge, or any purgative Medicine thence to carry it; but when there is an occasion they may be safely taken when the ☾ is in ♄, ♀, or ♁, in any good Aspect of ♄, ♀, or ☉.

Clysters are most conveniently administered, when the ☾ is in ♄, ♀, or ♀, posited as before.

Good to stop Fluxes, or Rheumes, or Issues, when the ☾ is in any of the Earthly Signs, viz. ♄, ♀, or ♄; of which experience is a valiable witness.

Very proper to Bath, when the ☾ is in ♅, ♁, ♀, or ♃, in Aspect of ♄, or ♀.

Convenient to cut Hair, the ☾ being in ♁, ♁, ♀, or ♃, increasing in Light. And although this be in the opinion of many but a Trivial thing to observe; yet were it more taken notice of by the Gallants of our times, they need not disguise themselves with Venus Locks; But they, it may be, esteem it an Honour to be made amends with a part of her, that Originally injured them.

Medicina a medico; medela ab altissimo.

TRIGGE 1674

IN this part of my *Almanack* it hath been for many Years, my custom to treat of the four Quarterly Seasons, and to give some short Astrological Account of the Sun his Ingress into *Aries*, &c. But these things being commonly known, and indeed, the work of every trivial *Almanack*: I have now thought fit, (for variety sake, and also for the Enfranchising the Science of the Stars, and to serve my sober Reader with something that may be of constant use to him, even in the Mannagement of his most Important Affairs, be they of what kind soever; I have, I say, thought fit to Translate *Bethem's Centiloquium* into the *English Tongue*, which take as followeth.

Bethem's Centiloquium, or One hundred Aphorisms in Astrologie, rendred into English.

1. **WE** will begin this Book, according to custom used in the Judgments of the Stars.
2. Thou maist know, that when a Planet is *Retrograde*, he is as a man infirm, stupified, and sollicitous.
3. If a Planet be *Cadent*, he is as a man Dead, and hath no Motion.
4. If a Planet be *Combust*, he is as a man in Prison, without hope of Liberty.
5. If *Stationary* to Retrogradation, he is as a sound Man, receding from Health; yet there is a hope of Recovery remaining.
6. If *Stationary* to *Direction*, he is as a sick man a mending.
7. If

TRIGGE, 1674.

7. If be sieged, he is as a man fearful between two Enemies; and not without cause, when besieged by the Infortunes.

8. A Planet between *Jupiter* and *Venus*, is as a man in pleasant Company, free from trouble and want.

9. If Aspected of the Infortunes from the fourth House, he is as a man on whom Death is coming.

10. A Planet in Aspect of his Enemy, is as a man fearing to be betrayed.

11. A Planet in Conjunction of an Infortune, is as one fighting with his Enemy.

12. A Planet in Conjunction of a Fortune, is as one in his Friends Embraces.

13. A Planet in another House, who rules the same Trigon, is as a man in the House or Castle of his Friend.

14. If Cadent from House or Exaltation, he is as one absent from his abode.

15. A Planet in his House or Exaltation, is as one in his Castle or Strong-hold.

16. If in his House or Exaltation Retrograde, he is as a Sick man at home.

17. If Combust in his own House, he is as a man confined thereto by his King.

18. If in his own Dignity, and Cadent, as a man vexed and fearful.

19. Fortunate Planets Retrograde, are unfortunate; if Cadent from Angles, or their Houses, &c. as one hoping for Good, but misses it.

20. A Fortune Retrograde, with an Infortune, strengthens the Infortunes Nature, but abates the Worth of his own.

21. An

TRIGGE, 1674.

21. An I fortune in his own House, *direct*, and there joyed to a Fortune, his Malignancy shall turn to good.
22. A Planet in the last degrees of a *Signe*, is as a Man falling from his former estate.
23. A Planet in the first degrees of a *Signe*, is ever found to be of very weak signification.
24. From the first degree to the fiftenth, a Planet is rising, but from the 15th. to the 25th. he is compleat in strength.
25. A Planet in the last five degrees of a *Signe*, is as a man leaving his House.
26. If an earthy Planet be in the Ascendant strong, he argues good in any thing; he means a Planet ruling the Earthy Trigon.
27. A Planet not in his own Houses, is as a man knocking at an other mans door, and his signification is to be slighted, as having no power in that place.
28. When Planets are with the Sun, their powers and significations are made less.
29. When Planets are in the last degrees of a *Signe*, *Retrograde*, their Judgments are transmittred, their Light lessened, and their strength and glory abated.
30. A Planet seven degrees distant from the Sun, and in his own House, *Retrograde*, is as a man in his Castle, in the power of his Enemy, striving to abandon slavery.
